2009 Deutsche Bank's West Coast Managers Forum

George Douglas, SSI's Chief Investment Officer, will be hosting six, half-hour roundtable discussions at the upcoming Deutsche Bank's West Coast Managers Forum on Wednesday, July 29th. This event will take place at Deutsche Bank's Downtown office in New York City.

With over 31 years of experience managing Convertibles, Mr. Douglas will provide a comprehensive review of the Convertible Market. In particular, Mr. Douglas will discuss the extraordinary opportunity in the Convertible asset class and SSI's Convertible Arbitrage strategy. Convertible Arbitrage has significantly outperformed during the first half of 2009 due to the combined attributes of high yield, undervaluation, active new issuance and attractive supply in the secondary market.
